WHO WE ARE

We are warriors who fight on your behalf to protect your networks, computers and data.

When others are struggling with cyber attacks, ransom attacks, phishing and more, our customers relax and conduct Business As Usual.

We take the sting out of ransomware and cyber attacks by protecting the integrity and confidentiality of your systems and ensuring that your business is not affected by any external threats.

Secure Network Solutions has been providing reliable network and internet security solutions to major corporate customers in India and neighbouring countries for over 18 years

SNS offers solutions around End-point, Data Center, Data, Application and Cloud security.

Our mission:

To provide the entire range of networking security and data security solutions and get the recognition of one-stop-place for networking & security requirements.

Our Values:

Achieve highest level of customer satisfaction

Achieve highest support standards

Achieve highest level of employee satisfaction

Our Team:

Founder, CEO & MD, N.K. Mehta (BIT, Sindri & XLRI, Jamshepur) has over 32 years of technical and industry experience. He was the AVP-IT of Gulf International Bank, Bahrain for 7-years and prior to that was working for Tata Motors for 7 years. He himself has directly deployed and managed large LAN/WAN, security projects for networks spanning across UK, USA and Middle East prior to establishing SNS. N.K. Mehta is an active ISODA (Infotech Software Dealers Association) member and the current Chairman (2018-19), and has been awarded "Most Impactful Tech Leaders" by "itVARnews" for his contributions to the IT Security industry.

SNS Technical team is highly qualified, industry trained and certified with exposure and experience to handle end-to-end IT security solutions.
